In the April Magazine Number of
The Outlook there will appear an article
on William H. Prescott, by Kenyon
West. It will be in commemoration of
the centenary of the great American
historian, who was born May 4, 1796.
The article will be enriched by numer-
ous portraits and other illustrations
contributed from the private collec-
tions of members of the Prescott fam-
ily, who have been interested in Ken-
yon West's tribute to Prescott. Among
these are Mr. Arthur Dexter, of Boston,
the nephew of the historian; Mrs.
Roger Wolcott, Prescott's granddaughter,
who lives also in Boston; and Mr.
Linzee Prescott, of Greenwich, Conn.,
who is the son of Prescott's eldest son.

WHEN Mr. I. R. Rose gets into good
running order in the position of a Pen-
itentiary Manager we hope he will
lend his influence toward getting rid
of the awful "Idle Hours," in which
there sit day in and day out, Sundays
excepted, nearly eight hundred men.
These poor wretches sit through the
weary hours with nothing to read, and
in appalling, enforced silence—a sil-
ence that speaks louder than the guns
of a revolution. These men have
brains, and sitting there in silence so
long their thoughts must go inward to
themselves, and too much of that ten-
dency of thought is what makes men
go mad.

In the name of humanity these men
should be put to work, if it is nothing
but transferring shoe pegs from one
measure to another, by count. We
think from the looks of the men when
we saw them Saturday, that they
would welcome even such a job.

Back at the "City Editor."
It is suggested that in addition to the
cheap show combination proposed by
the Register, Ananias Dean, should
be engaged, as he could take any char-
acter from the King's Fool to the
Father of the Mule, without using a
mask.

A False Impression.
Mr. EDDY—The friends of Dr. J. C.
Hardy wish to correct the report which
has been sent out that he does not de-
sire the election to Council from the
Fourth Ward. Dr. Hardy will make
an efficient and competent official and
his many friends in the Fourth Ward
wish to state that he is in the race and
will remain in till the last. VOTERS.

CONCERNING THE RIVER.

Cincinnati Tribune.
In reply to a communication to Con-
gressman Bromwell, of this city, ask-
ing him for his opinion regarding the
probable action of the Rivers and Har-
bors Committee on the subject of Ohio
River improvements, Mr. Bromwell re-
plies as follows:

To the Editor of The Cin. Tribune:

Owing to the fact that I did not re-
turn with the Committee on Rivers and
Harbors, but, as your correspondent
probably informed you, continued my
trip on to Cincinnati, I did not find
your telegram until it was nearly two
days old, and hence failed to reply by
wire, as you requested. The informa-
tion which you desire concerning the
probable action of the committee I am
willing to give so far as I have it, but
must admit that, under a pledge of
secrecy, the committee has so far de-
clined to make known any of the items
of the bill. I think your correspond-
ent came very near the figures in put-
ting the entire appropriation for the
Ohio River at about \$200,000 to \$250,000,
although a number of members of the
committee have assured me that the
bill was going to be quite liberal.

It is my intention, when the bill is
offered, to propose an amendment in-
creasing the amount of the appropria-
tion to about double what the commit-
tee reports, and for this reason: The
estimate made by Colonel Stickney was
\$1,000,000, but the Secretary of War cut
that down to less than half before sub-
mitting it to the Committee on Rivers
and Harbors. As it then had to go
through the same scaling process as all
others, the amount which is actually
appropriated will be a mere fraction of
what was recommended. Yours re-
spectfully, J. H. BROMWELL.

FROM THE SEAT OF WAR.

The Washington County Man Stands a
Good Show of Winning.

Special to the Leader.
ZANESVILLE, O., March 30, 10:55 p. m.
—The entire Washington county dele-
gation arrived tonight and have al-
ready entered zealously into the fight,
which gives every indication of being a
hot one.

At a preliminary caucus held this
evening John McCallister was chosen
Chairman and Geo. Lauer Washington
county's member of the Congressional
Committee. A few Washington county
men not delegates are here, fighting
for Davis.

The situation is anything but well
defined. VanVoorhis' managers claim
he will be nominated on the first bal-
lot, figuring 20 votes from Guernsey
and 20 from Noble.

Taylor is probably out of the fight,
but the Davis people have assurance
that he can control 23 votes for Davis.
Noble county is not solid for Van
Voorhis and is expected to give Davis
10 votes, which, with Morgan and 23
from Guernsey, will nominate.

VanVoorhis and Davis are both con-
fident of the nomination, which if it
does not go to VanVoorhis on the first
ballot, may easily go to Davis.

IN THE OIL FIELDS.

A NEW FIELD.

Chillicothe, O., March 28.—The peo-
ple of Adelphi and vicinity have caught
the oil fever in its worst form, the
cause being the discovery of oil in pay-
ing quantities. Eight miles southeast
of Adelphi a wild cat well was shot to
day and a flow of oil resulted which,
while not exactly a gusher, will make
a paying well.

It is owned by prominent McArthur
business men, who have been drilling
quietly. Yesterday when the well was
shot representatives of the Stand-
ard Oil Company, the Southern Oil
Company and the Logan Natural Gas
and Fuel Company were present. The
latter has leased large tracts in the
vicinity. Real estate in this vicinity
has taken a big shoot skywards. The
Standard Oil Company has also leased
land and will begin boring. It is the
greatest oil excitement ever experi-
enced in this county.

Parkersburg, W. Va., March 29.—The
people of Wadeville, this county, are
much elated over the prospects of hav-
ing several test wells put down at that
place. Two representatives of two
substantial oil companies have been at
that place, which is directly south of
this city, in the past week, and have
leased quite extensively.

The contractors are still fishing for
the lost tools in the Lehman well, and
on account of the depth of the well it
is very difficult to recover the lost tools.

A large company of Ohio River rail-
road employes have their well at Mur-
rayville down to the Cow Run sand,
and when the well is drilled in it is ex-
pected to be a good producer, as it is in
close proximity to the producing wells
at that place. The company owning
the well is quite large, and the shares
were \$25 each, but no one member was
allowed more than four shares.

In the Bull Creek field, the Peyton
Triplet well and the well on Mrs.
Rawson's farm were cased yesterday
and were drilled in today. The Triplet
well is reported as a good well, but
no news has as yet been received here
in regard to the Rawson well, which is
thought, however, to be a good well,
as the indications were splendid.

The roads in the Waverly field are in
such a condition that operations have
been much retarded. Teamsters who
started to the field yesterday with ma-
terial were compelled to leave their
loaded wagons in the road, as they
were submerged, and in some instances
almost buried in the mud.

The Barclay well, which was the
cause of much attention being given to
it on account of its actions in the past
week, is still making periodical flows,
and is estimated at about a 50 barrel
well. Oil men are positive that the
well will make a No. 1 producer, and
parties holding leases in that part of
the oil field are much elated over the
prospects of a new field and extensive
operations being brought about in the
near future in consequence. The well
is owned by Wheeling people, who are
now on the ground investigating the
actions of the well, which was a com-
plete surprise to the owners.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St.,
South Gardner, Mass., was told by the
doctors. His son had lung trouble,
following Typhoid Malaria, and he
spent three hundred and seventy-five
dollars with doctors, who finally gave
him up, saying: "Your boy won't live a
month." He tried Dr. King's New
Discovery and a few bottles restored
him to health and enabled him to go
to work a perfectly well man. He says
he owes his present good health to the
use of Dr. King's New Discovery, and
knows it to be the best in the world
for lung trouble. Trial Bottles Free

TERMS REFUSED

The Nicaraguan Peace Commis-
sion Proved a Failure.

The Insurgents Demand the Transfer
of the Government to Themselves.

Consequently All Hope of Peace is Gone—
The War Will Be Continued With Re-
newed Bitterness on Both Sides—
Great Excitement at Managua.

MANAGUA, Nicaragua, March 30, via
Galveston, Tex.—The peace commis-
sion, consisting of Dr. Prudente Alfaro,
vice president of Salvador; Gen. Com-
mans, of Salvador, and Señor Ramirez,
the Nicaraguan minister for foreign af-
fairs, has returned here from La Paz,
where the conference with the repre-
sentatives of the insurgent Leonists has
been held. The terms offered by Pres-
ident Zelaya are understood to have
been the absolute surrender of all arms,
the payment of all war expenses and
the surrender for trial by court-martial
of the leaders of the insurrection. The
insurgents not only refused to accept
these terms, but they demanded that
President Zelaya turn over to them the
government of Nicaragua. Consequently,
all hope of peace is gone and the war
will be continued with renewed bit-
terness on both sides. There is great
excitement here and steps are being
taken to reinforce the troops at the
front and begin the advance on Leon,
as soon as the much needed sup-
plies of ammunition reach the govern-
ment forces.

There are disturbing rumors in the
air. The government is said to be hard
pressed for funds as well as for ammu-
nition, which facts are not unknown to
the Leonists, who are understood to be
receiving fresh support from Guate-
mala and from other sources, which
may result in complications likely to
cause a general war throughout Central
America.

It is suggested in certain circles here
that this is a good opportunity for
intervention upon the part of the United
States with a view of bringing about a
peaceful settlement of the questions in
dispute, as a conflict involving all the
Central American republics would put
a serious check upon business and the
development of the natural resources of
Central America.

HOTEL FIRE.

One of the Guests Falls From the Window
—The Others Escape Without Injury.

MOBILE, Ala., March 30.—A small fire
in the scullery of the Battle house at
5:30 o'clock Monday morning filled all
the upper house with dense smoke.
The watchman gave the alarm and
clerks and bell-boys hastened to waken
the guests. All got out safely save
Constantine Lavaso, agent here for the
cotton house of Ralli Bros., who fell
from the fifth floor window to the gal-
lery below and was killed. Lavaso had
dressed himself completely. Then he
dared not venture down it. He climbed
out upon the window coping, intend-
ing to jump to the four-story building
adjoining, but failed and fell 30 feet,
breaking his hip and otherwise injur-
ing himself. He died at 9 o'clock.

CUBAN RESOLUTIONS

Will Come Up in the House on Wed-
nesday.

WASHINGTON, March 30.—The con-
ference report on the Cuban resolutions
will not be called in the house before
Wednesday. Mr. Hitt, of Illinois,
chairman of the house foreign af-
fairs committee, says there is no
doubt that the conference re-
port will be adopted, although it
may provoke a discussion covering
an entire legislative day in view of the
fact that a number of members who
were not permitted to speak when the
original resolutions were before the
house, desire on the occasion to be
heard.

Nominations by the President.

WASHINGTON, March 30.—The pre-
sident sent to the senate the following
nominations Monday: B. J. Franklin,
of Arizona, to be governor of Arizona;
Capt. A. V. Reed, to be a commodore;
Commander F. A. Cook, to be a captain;
Lieut. Com. C. T. Hutchins, to be a com-
mander.
